§ 304. Administration of chapter.

The provisions of the chapter will be administered by the director of Resources and Development through the office of the chief conservationist within his department. This administration of the chapter will include the authority to set up conservation programs aimed at conserving endangered and threatened species, including research programs to adequately define which species are in fact endangered or threatened, and including, when necessary, the acquisition of land or aquatic habitat or interest therein for the conservation of resident endangered or threatened species.

§ 305. Definitions.

As used in this chapter, unless the context otherwise requires:

- (1) “Animal” means any species of organism in the animal kingdom including, but not restricted to, mammals, birds, reptiles, amphibians, fish, clams, crustaceans and corals.
- (2) “Commercial activity” means all activities of industry and trade including, but not limited to, buying or selling of commodities, and activities conducted for the purpose of facilitating such buying or selling.
- (3) “Director,” when used alone, means the director of Resources and Development of the Trust Territory.
- (4) “Endangered species” means any species which is in danger of extinction throughout all or a significant portion of its range.
- (5) “Export” means to remove from any land or water area under the jurisdiction of the Trust Territory to any

other place in the world.

(6) “Import” means to land on, bring into, or attempt to land on, bring into, or introduce into any place subject to the jurisdiction of the Trust Territory.

(7) “Or parts thereof” means, in the case of animals and fish, hide, hair, bone, skeleton, teeth, feathers, skin, scales, tissues or internal organs. In the case of plants, the term means any root, leaf, stem, trunk, bark, fiber, seed, fruit, flower, tissue or extract.

(8) “Person” means any individual, corporation, partnership, trust, association, or any other private entity, or any officer, employee, agent, department or instrumentality of the Government of the Trust Territory, or of any Trust Territory district or municipality.

(9) “Plant” means any species of organism in the plant kingdom including, but not restricted to, trees, shrubs, flowers, grasses, algae and fungi.

(10) “Possession” means the personal holding of any endangered or threatened species of plant or animal or parts thereof by any person, or possession of that species on his or her property, land, vehicle, home, place of business, or place of work.

(11) “Species” means any species or subspecies of scientifically described plant or animal.

(12) “Take” means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture or collect, or to attempt to engage in any such activity.

(13) “Threatened species” means any species which is likely to become an endangered species within the foreseeable future throughout all or a significant portion of its range.

(14) “Trust Territory” means the Trust Territory of the Pacific Islands.

§ 311. Exception—Innocent possession.

This chapter shall not apply to any person in innocent possession of any species of endangered or threatened plant or animal or parts thereof, except that such plants or animals or parts thereof will be confiscated by the Trust Territory and disposed of in accordance with regulations issued under this chapter.

Source: COM PL 6-55 § 7(5); TT Code 1980, 45 TTC 107(5).

§ 312. Exception—Prior possession.

This chapter will not apply to any nonliving species of endangered or threatened plant or animal or parts thereof, if a person was in possession of same prior to this chapter becoming law; and provided, that the person gives adequate evidence of such prior possession in accordance with criteria contained in regulations issued in accordance with this chapter.

Source: COM PL 6-55 § 7(6); TT Code 1980, 45 TTC 107(6).

§ 313. Regulations.

The director of Resources and Development shall issue regulations, subject to the approval of the High Commissioner, applying to this chapter and including a listing of the species of endangered and threatened plants and animals of the Trust Territory. These regulations shall have the force and effect of law.

Cross-reference: The statutory provisions on the President and the Executive are found in title 2 of this code.

§ 314. Importation of endangered species.

In anticipation of international cooperation and reciprocation, it is prohibited to import into the Trust Territory any species of endangered or threatened plant or animal or parts thereof which is listed by the convention on international trade in endangered species of wild fauna and flora. This list may be a part of the regulations applying to this chapter.

Source: COM PL 6-55 § 9; TT Code 1980, 45 TTC 109.

§ 315. Importation of exotic plants and animals.

Since exotic plants and animals not already established in the Trust Territory can cause ecological upsets, compete with, prey upon, and introduce serious or devastating diseases which could further endanger our indigenous plants and animals or drive them to extinction, it is prohibited to import such exotic plants and animals or parts thereof into the Trust Territory except under permit by the director as defined in the regulations authorized by this chapter, except that beneficial insects and biological control microorganisms may be imported in accordance with the Trust Territory plant and animal quarantine laws.
